CONTRACTOR OF THE PROPERTY OF MINING, BUSINESS AND STOCKS.

PRICES ARE A LITTLE WEAKER.

Silver Shield Declined to 81/2 on the Exchange Today.

GRAND CENTRAL SOFTENING

Ajax Sagging-Dexter Not So Strong-Yankee Con. is Soaring-Star Con. Firm.

Business was fairly brisk on the mining exchange today, though prices were generally a little weaker. Ajax led off with the sale of 800 shares at \$1,10,from which figure it receded to \$1.05 on the closing sale. Daly West was quite firm between \$34.60 and \$34.15, while Dexter sold down to \$1.09, Grand Central opened at \$6.95 and closed at \$6.7812, with the sale of 900 shares. Lower Mammoth was firm at \$4, while Northern Light, with no news from the mine, opened at 12 and sold up to 13, with 10,000 shares changing hands. Johnny dropped 1,000 at 65. Sacramento commanded 42 at the outset, but afterwards declined to 41%. Another sharp decline is reported in Silver Shield, which opened at 9 and sold down to 81/2. Star Con. was in better form today, when it sold up to 711/2, with a slight softening seen on the closing sale. Tesora dropped to 80, while Utah brought 73. Martha Washington weakened to 11½, while Yankee Con. sold up to 16%.

Closing quotations were posted as follows.

ROCK SPRINGS, WYOMING. Mine Work Closing Down for the Season.

Special Correspondence. Rock Springs, Wyo., March 13.-This month, so far, with very little exception, has been cold with high winds from the west. We have had an occasional fall of snow, the high wind made it disappear about as fast as it

Bishop Joseph Soulsby has been very sick for the last three weeks with pneu-monia; he is now up and around again, and in a few days he will be able to attend to his duties as foreman of No.

attend to his duties as foreman of No. 9 U. P. mine, a position he has filled for a number of years.

The rush work of the mines is over for the scason. The night shift has been stopped; and last week some of the mines only worked three days. The outlook for this week is no better, it anything it is a little worse as some of the mines have only worked one day this week so far. Since last November there has been a steady increase of there has been a steady increase of men. Till recently there were employed around the mines about 2,500 men, of nearly every nationality under the sun, whose prospects for a "full dinner pail" during the summer months is anything but promising.

RETURNS FROM PEARL DISTRICT.

W. F. Kyle Talks of Conditions at the I. X. L. Group.

THE GRAND CENTRAL DEAL.

J. W. Neill Discusses It-Supt. Kirby of Daly West to Town-Mammoth Bullion-General Items.

W. F. Kyle, who with Henry Dorman, is interested in the I. X. L. group in the Pearl district, Idaho, came down from the north last evening on his way to Minneapolis. Mr. Kyle says the principal producing mine in the vicinity is the Checkmate property, which is owned by Joseph Young and others of Sait Lake City. At present this mine is said to be producing about \$7,000 per month, Mr. Kyle says there is quite an inquiry for mining properties in the district and the sale of the Middleman was consummated a few days ago to New York parties. Everything is said to be moving along nicely at the new mill on the L X, L, group. This mill has a daily capacity of 40 tons and with its equipment of one crusher, two sets of rolls and two Bartlett tables with screens and plates is said to be doing good work. The I. X. L. vein is a fine good work. The i. X. L. vein is a fine body of gold ore running in one place as much as 30 feet in width. The average value of the ore milled is about \$11, leaving out the high grade ore. The property has been opened by tunnel from the lower one of which a 25-foot shaft was sunk. At this depth an enormous flow of water was travely which more flow of water was tapped, which more than provides for the needs of the mill. Several thousand gallons per minute flowed and when the flow was first encountered, the shaft filled up in about fifteen minutes, Pumps have since been installed and it is now being handled. Another tunnel is being run in 1,000 feet deeper but as this has about 1,400 feet deeper but as this has about 1,400 feet farther to go it will be many months before it can be of service in draining the mine. Meantime Mr. Kyle says the the mine. Mcantime Mr. Kyle says the coal bill foots up about \$30 per day. This is largely owing to the fact that the mine is about 40 miles from the railway. This disadvantage will soon be remedied, however, as the so-called Dewcy Railroad is being extended from the company of the I. Nampa to within nine miles of the L. X. L. and Checkmate mines. The ores of the ctamp are principally gold-bearing and the outlook is said to be very favorable for a quiet boom up there this

GRAND CENTRAL TALK. James W. Neill Says the Stock is

Worth \$10 Per Share Today. The news of the Grand Central deal has created considerable comment among the small shareholders of the company, some of whom are unwilling to release their interests at anything like \$7 or \$7.50 per share. In a conversation on the matter today, James W. Neill, the well known expert who is familiar with the mine because of his connection with the Grand Central suit, expressed much surprise that the suit, expressed much surprise that the large holders would release their stock at the above figures. Mr. Neill says the stock is worth \$10.00 per share today. He estimates that there is \$1,000,000 in sight in the big stope from which the company paid so much in dividends. The ore is low grade, but it is siliceous copper ore, perfectly adapted for use in the Bingham Copper & Gold company's new smelter. "The mine never looked better than it does today," said Mr. Neill, "and the cheap treatment at the new smelter makes the stock worth holding on to." If the mine passes into the hands of the

the mine passes into the hands of the new company, Mr. Neill says it will make a great deal of money for the owners, which will be shared by the small stockholders if they hold on to their stock.

Mammoth Bullion Shipped.

Advices from the Mammoth of Tintic state that \$4,000 worth of bullion will be shipped from the mill tomorrow, to be followed by a \$2,500 consignment on Monday next. Everything is said to be looking well at the mine, and better times are looked for in a few weeks, when the new boilers arrive. At pres-ent, owing to limited power, the company has not been hoisting ore as fast as it will do later. The lower levels are not being drawn on to any extent at precent for the consignments of ore which pay the present dividends.

Down from Daly West.

Supt. John A. Kirby of the Daly-West came down from that bonanza lest evening and reports it looking as acod if not better than ever. The winze is now down 180 feet below the 1,400 level in good milling ore. The reserves are being constantly added to above the 900 levels, while the mill is grinding away on its regular tonnage.

Yielded 64 Pounds of Gold Dust. According to the Grangeville, (Ida.), Free Press the outlook for the placers of Idaho county is very bright for the coming season. A number of active mincoming season. A number of active mining men have been quietly securing properties and the present season will witness great activity in the different camps. The initiative move in this work has been statted by Rod L. Leggat, a well known operator of Butte, Montana, who is the principal owner in the Buffalo Hill Placer Mining company. He is now on his way to Elk City to maugurate the season's work on the properties of his company. And when it is stated that last season's work and nuggets some idea may be had of the value of the proposition. Twelve men will be put to work at once under

These claims were located in '61 and '62 and have produced something like half a million dollars in gold; and only worked at irregular intervals. They are equipped with No. 1 and No. 2 giants and a nine mile ditch and about 1,690 inches of water which is taken from the Big Elk creek.

Oil and Gas at Lewiston.

Of the oil and gas discoveries near Lewiston, Idaho, Prof. Samuel Aughey, the oil expert, says that under the guidance of Mr. S. G. Isaman he examined the latter's place and found the ammed the latter's place and found the discovery to be genuine. There, along the edge of a pond fed from a spring close by, wherever an iron bar was driven into the ground and withdrawn and a lighted match applied, the gas ignited, giving more or less of a blaze. The color of the blaze varied more or less from a yellowish to a bluish hue; this variation being dependent on the greater or less quantity of marsh secombined with the filluminating gas. combined with the illuminating gas.
There were seven such gas burnings obtained at this time. All gave such an amount of heat as to indicate that the gas belonged to the genuine illuminat.

Several probings with a bar also showed globules of oil which spread over the surface of the water evenly and with smooth edges, which, when disturbed or broken, reunited with even edges. Chemical tests made by Mr. Aughey on this oil show it to be gen-

P. L. Kimberley Launching Out. The Leadville correspondent of the Denver Post says that P. L. Kimber-ley, one of the owners of the Annie Laurie, at Gold Mountain, is opening up the Butcher Boy group which will give a great impetus to Ball mountain territory in the vicinity of Leadville. The ground is entirely new and a deep The ground is entirely new and a deep shaft is being sunk several hundred feet. The work was started last fall but owing to the lack of water a shut down was ordered. Since the snow has begun to melt an abundance of water is in sight and it is said to be Mr. Kimberley's intention to sink the shaft 1,000 feet if necessary.

Virginia Company Organized.

The Virginia mining company was organized and filed its articles of in-corporation with the county clerk to-day. The corporation is capitalized at \$10,000, which is divided into 100,000 shares of the par value of 10 cents

each, W. A. Byers is president, Jesse B. W. A. Byers is president, Jesse B. Barton, vice president, and F. F. Burmester is secretary. These, with Theo. J. Norlon and J. L. Perkes, form the board of directors. The company contemplates developing the George Washington and Christmas mining claims, situate in the Tintic mining district.

MINING NOTES.

The Horn Silver of Frisco had 2 cars

The Bullion Beck of Eureka reached the market today with 4 cars of ore. Five cars of ore from the Swansea of Tintic were on the market today. The April Fool at De Lamar, Nev., is said to be showing up well in the lower

The Excelsior property at Eureka, Nev., was on the market today with a car of ore.

The Utah of Fish Springs will mar-ket a car of high grade lead-silver ore

Two cars of ore were sampled yes-terday from the Bingham Copper &

J B Weimer is back from the East, where he was successful in accomplishing what he went for.

The meeting of the directors of the Ctah Mining company, which was scheduled for this afternoon, has been postponed until Monday. The Taylor-Brunton sampler reported

9 cars of ore from Tintic, 2 from Frisco, 1 from Fish Surings, 1 from Nevada, and 2 from Bingham today. John C. Sullivan of the Raymond,

came in from Tintic today and reports the extensive plan of development being followed out at that property with little or no change A letter has been received from Victor M. Clement in which he says he will not be home until next month. He is now in the City of Mexico, after

spending several weeks among the mines in the neighboring mountains. A. L. Jacobs expects to visit the Ben Rutler tomorrow. He expects to send to the mill 125 tons of milling ore dur-ing the coming week, the concentrates from which will be marketed with a

A new five-stamp mil is now on the cars en route to Laramie and will be placed at Jelm City, says the Laramie Boomerang. The new stamp mill looks like business, and those who are well asquainted with the people behind the Jelm enterprise say they have a barrel of money. The showings from that camp have ben very satisfactory and more is expected of it with the opening of spring. The Rambler is at the head as a producer now, but a number of very promisings properties are to be heard from, namely, Gold Hill, Jelm City and Swigert-Baker. A new five-stamp mil is now on the

from which he has been an acute sufferer for the last five weeks. The message was received by telephone from Mr. McFarland's daughter in Idaho,

van Houten's Cocoo Nutritive, Refreshing, Economical in use, A breakfastcupful of this delicious Cocoa costs less than one cent. Sold at all grocery stores-order it next time.

ALL STOCKS IN DEMAND.

Opening Gains of a Fraction Were General Throughout the List.

Great Northern, Continental, Tobacco and American Ice Were Conspicuously Strong.

March 15. - There New York, demand for all was a good clases of stocks at the opening and gains of a fraction were general throughout the list. Manhattan sold

Some of the stocks which were conspicuously strong yesterday were again in demand, particularly Great Northern preferred, Continental Tobacco preferred and American Ice peferred, Northern Pacific rose 1% over last night. Irregularity developed in the second hours' trading and the variations either way were wide in a number of stocks. Manhattan, People's Gas, St. Louis and San Francisco and Great Northern preferred vielded 1 to 2 points from the best. Burlington rose above 154, but temporary gains in other standard stocks were not well maintained.

There was very heavy profit-taking in the last hour in stocks which had shown earlier strength. The reaction reached 1 to 11/2 in Burlington, Union Pacific, Northern Pacific, Amalgamated Copper and some others. In Chicago Great Western preferred "B" the reaction was 3 and in St. Louis Southwest 24. Strength developed in other parts of the list. Illinois Central was in large demand up to 3½ above last night. Chicago Terminal Transfer rose 1½ and the preferred 3½, and Chicago and Eastern Illinois 3¾. The closing was very active and irregular with one or two stocks at the top but with the or two stocks at the top but with the pressure of profit taking manifest at other points

OWEN, WYOMING.

Reception to Hon. Chas. Jarman Flour Mill Located.

Special Correspondence.

Owen, Wyoming, March 11 .- On the evening of March 4th a grand reception was given the Hon. Charles Jarman, our returned legislator, the people wishing to show their appreciation of his labors in their behalf. A committee was chosen to make arrange. ments for a reception, viz : Bishop S. R. Brough, John Guild, Will Harvey, Mrs. Ada Hollins, Mrs. Adeline Brough and Mrs. Nat Goodman. Dancing, interspersed with music, songs, recitations and speech making continued till 12 o'clock when a tempting lunch was served. There were present 250 people, all over fifteen years of age. At 3 o'clock all departed voting it the grandest social event of the season.

FLOUR MILL LOCATED.

Mr. James Robertson, from Beaver City, Utah, was here this week looking up a site for a flouring mill. A suitable place was selected on the Fort Bridge canal, and the most central for the convenience of the farmers. Te expressed himself as much surprised at the growth and population of the coun try. The day he left a man from Laketown came in here for the same purpose. Farmers will put in big crops of

wheat this year. Ephraim Marshall left this morning to attend the Priesthood conference at

On the 15th Inst. the Sunday school will give an entertainment, and on the 22nd, inst, the old folks will be feasted and a grand time is anticipated.

The Owen ward has a fine choir, which is due to the untiring efforts of the leader, James Overy, and organist. Mrs. M. E. Stewart.

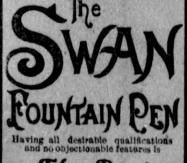

HEINER-GUILD WEDDING.

William Guild and Miss Nettie Heiner of Owen were married in Salt Lake Temple on the 6th inst. It began snowing this morning and looks like it might continue for some time. Bad colds and croup seems to be prevalent among the children, but no deaths have occurred.

Ten days ago a 10 pound girl baby came to the home of Mr. and Mrs. Henry Witts. Counterfeits of DeWitt's Witch Hazel Salve are liable to cause blood poisoning. Leave them alone. The original has the name DeWitt's upon the box and wrapper. It is a harmless and healing salve for skin diseases. Unsecuelled for Piles.
